By issuing this certificate, ASME does not "approve," "certify," "rate," or "endorse" any activity, imply licensure, registration or government authorization to practice any specific job function or activity or make any determination of an individual's capabilities in applying this general knowledge within a specific work environment or under actual working conditions.

Arin Ceglia, Managing Director  
Learning & Development

ASME does not make any determination of an individual's capabilities in applying this general knowledge within a specific work environment or under actual working conditions. Individuals shall not make any representations to the contrary. It remains the sole responsibility of the employer of any individual to determine competency for assigned tasks and work.
